## **BLK 3006/300/308** **BOLT ACTION**

**BLK's new generation Bolt Action Rifle combines excellent precision and durability. Its specially designed bolt action mechanism provides superior reliability in shooting while offering easy portability with its lightweight and durable materials. Its distinctive operating principle chambered and fired through the rear and forward movement of the bolt delivers a smooth and controlled shooting experience. Its ergonomic design and high-capacity magazine maximize the comfort of the users while offering the opportunity to fire more shots. Different 308 WIN / 30-06 SPR / 300 WIN MAG barrel options adapt to various usage scenarios. It is ideal for long-term use as it requires less maintenance.**

## **PISTOL**

**The legendary 1911 has been redesigned to meet the needs of the times and is now known as the BLK1911. This high-tech pistol stands out with its unique design, durability, and now different grips, patterns, and camouflages. The BLK1911 shows its power with 9x19 mm and .45 ACP ammunition. Inspired by the classic 1911 design, this pistol model gains a modern look with different design touches by BALIKLI ARMS.**

**The revamped grips, patterns, and camouflages give them the chance to take full advantage of today's technology. Thus, the BLK1911 becomes a pistol model that stands out both in a nostalgic context and by meeting the requirements of the era. In addition, the BLK1911 provides an experience beyond the era with the new sport models.**

# **UNIQUE** **OVER UNDER**

Introducing the UNIQUE, Balıklı Arms over-under shotguns, now available in aluminum or steel receivers. The UNIQUE model showcases meticulous craftsmanship with a precision-engineered aluminum or steel receiver that delivers superior performance.

On some optional models, the shotgun's aesthetic appeal can be enhanced by highlighting its exquisite acid-etched engravings, case hardening, or gold inlays.

The UNIQUE model stands out with detailed engravings on the receiver and forend, enhancing its overall visual appeal. The receivers are precision CNC machined, while the barrels are deep-drilled from 4140 steel, ensuring durability and reliability.

Equipped with a single selective trigger and fiber optic front sight, the UNIQUE model offers a superior shooting experience. A variety of camouflaged models are also available to appeal to different preferences.

## **BALIKLI** **SINGLE BARREL**

**BALIKLI single-barrel shotguns are simple, easy to use, and at the same time reliable, making them a great option for hunters and shooters looking for a budget-friendly, lightweight, and versatile firearm.**

**This model is a traditional breaking action characterized by a hinged barrel that opens for loading and unloading. These models fold up completely, making them easy to carry in backpacks, so they are ideal just in case and for survival conditions.**
